**PROFILE** Bachelor of Science in interactive media design with over 5 years experience in web development. Knowledgeable in mobile technologies, XML web services, database-driven application development, flash interactivity, cross-browser XHTML/CSS layout design, and other IT specialties.

**EXPERIENCE** **Senior Web Developer / Programmer | Nov. 2006 - present**

*Lucid Fusion | Irvine, CA*

- Programmed server-side database-driven applications, content management systems, implemented SEO, and developed interactive flash websites for clients such as: Matthew McConaughey and Sage Software

**Freelance Web Developer | 2001 - 2006**

*University of California | Irvine, CA*

- Developed and programmed an IMAP-based SMS / mobile text messaging system
- Normalized and optimized project database for a production environment

*Costa Mesa Fire Department | Costa Mesa, CA*

- Developed a standards-compliant customizable website
- Programmed a flexible database-driven content management system
- Integrated search engine optimization (SEO) techniques

*Delocator.net | Orange County, CA*

- Converted website for internet-enabled mobile phone browsers
- Normalized and optimized database for supporting additional categories

*Bella Rosa International | East Hartford, CT*

- Designed and programmed a customized user / content management system currently in use by over 30 international supermarkets
- Integrated an Apple iTunes promotion module to raffle 10,000 iTunes songs

*The Chen Agency Realtors | Fort Lee, NJ*

- Designed and programmed interactive sub-websites for Hudson riverfront real estate properties using Macromedia Flash
- Managed DNS information and web services for over 20 domain names

**Multimedia Specialist | 2001**

*Everest Broadband Networks | Fort Lee, NJ*

- Created, programmed and edited a corporate video presentation showcasing the company's network abilities; displayed at an international business convention in Canary Wharf, London
- Setup streaming video server for clients to engage in real-time business conferences
- Developed a CD-ROM kiosk application to educate and quiz employees on the company's network capabilities. Scores were submitted to a remote server for review by executive personnel
- Attended a three-day Macromedia Flash workshop in New York, NY sponsored by Apple Computers and United Digital Artists (UDA)
